

TIMBER'S ASTROLOGY GUIDE

ARIES

Naiveté Lack of Foresight Paraisitism
heartiness Willfulness Good Manners

This is not your month for love; and watching endless, dreary episodes of THE DATING GAME and LOVE CONNECTION will only bring you misery. Try tapping into that clever, imaginative side that you sometimes suppress and stop hanging out at PETE AND MARTYS and PAT AND MARIOS and start hanging out in more cerebral institutions such as libraries, museums and all night donut stores. (If it says 50 Plus; are they referring to the multitude of varieties or is it something to do with senior citizens only?) On the bright side you will learn Turkish and develop an appetite for exotic foods you never thought you would.

Your Colors/Flavors for the month are AQUA, ARGYLE and CHOCOLATE.
Lucky Number is 43.
Call relations on the 22nd and the 26th of the month and get them to send you money orders. Some Famous Aries Monkeys are HOWARD COSELL, BETTE DAVIS, JOAN CRAWFORD and OMAR SHARIFF.

TAURUS

Nervousness Meddling Sociability
Charisma Jealousy Determination

Holding on to hard-won power with fierce talons makes the Taurus character testy and will lead to some very feisty, prima-donna behavior. Make sure to stay away from all people this month with their first names beginning with the letters M or R as they will bring you heartache and possibly unsavory meats. Best to stay in the apartment between the 23rd and the 26th. Renew your membership at the Y.M.C.A. and get toned up; you are going to wish you had as a new project is on the horizon and you will need to harness all your strength.

Your Colors/Flavors are CHARTREUSE, PURPLE and BUTTER PECAN.
There are no lucky numbers for this month. (There are also no Unlucky numbers so don't lose any sleep over it).
Some Famous Taurus Dragons are; SALVADOR DALI, SHIRLEY TEMPLE and SIGMUND FREUD.

CANCER

Uneasiness Moodiness Cynicism
Morality Constipation Hypersensitivity

Emotions run both deep and high in this sensitive-even touchy-character. The fact that the show WINGS has moved to a different time slot is understandably a shocker, but you must move on to a higher ground. "When an angel from above comes down and spreads it's wings of love, we'll go hand in hand; sister, brother, we'll make it to the promised land"; food for thought. Attempting something risky towards the end of the month, may just pay off through all the jealousy and dissing of others nearby. Don't listen to your parents this month. You don't need that kind of negativity; you've grown up now...well, as grown up as you'll ever get. You will develop a taste for bacon and veal sandwiches and should expect a call from overseas, possibly from Karl Lagerfeld whining into the phone about his tired old ponytail.

Your Color/Flavor are MAROON and MELON.
Some Famous Cancer Snakes are DONALD SUTHERLAND, SYLVESTER STALLONE, CARLY SIMON and KAREN BLACK.

LEO

Power Vanity Loyalty
Uneasiness Warmth Promiscuity

Challenges, challenges, challenges weigh upon your heavy head, Leo people. Don't let it get you down; persevere and rave to the occasion and you'll be stronger for it. The Leprechaun of good luck may be hard to find especially if he is wearing a lot of make up but chin up and bear down. Pay all your bar tabs and take care of loose ends. Once your head is clear of all that is pre-occupying your mind, you'll be able to spend some quality time with yourself and get in touch with your inner child. Go to Center island and tell everyone that they must leave immediately to avoid "the contamination". It's not unrealistic to want the whole place to yourself. Go on, you deserve it. It's strange how people will listen to a Leo voice that offers protective advice.

Lucky numbers are 4² and 7.5.
Your Color/Flavors are PEACH and MAGENTA.
Some famous Leo Roosters are STANLEY KUBRICK, GEORGE BERNARD SHAW, and MAE WEST.

LIBRA

Ambition Secretiveness Complexity
Courtsey Crankiness Dissatisfaction

Do not order food to be delivered to your house this month; the delivery boy will probably end up being an ex-con with a gun who takes you hostage or even worse someone that you owe money to. Read up on your Julia Childs and Wolfgang Puck cookbooks. Bake some bread, some oatmeal cookies or those really lame Pillsbury doughboy crescent rolls. Sell all stocks and get rid of all those old clothes in your closet that you never wear. Travel light and when doing your food shopping for the month do not buy canned goods; the additives and preservatives will only make you lonely and pimply. No one likes to work with people with awful skin.

Lucky numbers are 12 and 7.
Your Color/Flavors are DEEP BLUE and FRO-MAGE.
Some famous Libra Tigers are GLENN GOULD, F. SCOTT FITZGERALD, TIMOTHY LEARY, BRIDGITTE BARDOT and PEPE THE FLYING MONKEY.

GEMINI

Charm Tact Equilibrium
Manipulation Dilettantism Hypochondria

Many of your upcoming journeys will make no sense as a nutty Gemini may find himself running down the street at 6 AM covered in cat fur and hives only to awake sweaty, furry and craving a taste for Tender Vittles Surf 'n Turf Surprise. Take it as a sign there are plenty of other fish in the sea that are far less damaging to your health. Alas, your curiosity for understanding animals will serve you well, as will honesty and nonjudgmentalness in the astounding days to come. Look for real blondes, not posers. Finding out if they are real or not is most of the fun. Shop at THE GAP and collect those ZELLERS points and treat yourself to that leisure suit and those Novemberish looking slacks you've been saving for.

Your lucky numbers are 2 and -7. (Trust me, they'll come up).
Some Famous Gemini Piglets are JACQUES COUSTEAU, CARL SAGEN, and THE DALI LAMA. (Sex Appeal Fabulous you got going on; tres, tres hardcore).

SCORPIO

Courage Style Drive
Unscrupulousness Domination Pragmatism

You quick witted Scorpions are so full of energy in the next few weeks and the caffeine 'aint hurting any neither. Get those projects done now before you run out of this much sought after productive energy. You are a gay blade type that loves entertaining and lives to be admired. You'll let them drink your whiskey and eat all your pound cake as long as they don't forget to tell you how much they enjoyed your last T.V. show. Take a trip down south as winter doesn't help heal your soul any. Seek out Don Ho and if you can manage to get him to speak the lyrics of TINY BUBBLES or hum the melody of HAWAII 5-0, then you will know 'The Truth'.

Explore the numbers 5, 10 and 15 and get what you can out of them.
Your colors/flavors are DEEP FOREST GREEN, MANGO and TUNA.
Some Famous Scorpion Dogs are KATHARINE HEPBURN, NEIL YOUNG and GOLDIE HAWN.

VIRGO

Intuition Compassion Exclusiveness
Snobbery Courtesy Attractiveness

You people are both emotional and attractive. (In some way, even if not physically). Sure, sometimes you are serious and grave. Your tongue, however, is conveniently stored inside the cheek. You know you exist outside this sometimes mundane world in which we live and always wear a secret smile. All parties you go to this month just make sure to wear some form of underwear just as a precaution. Avoid sending stars and starlets hostile letters though; Stalking them is no fun and a jail term may be in your future. Try coloring or writing some put off letters if you've got some spare time.

Your colors/flavors are ORANGE, PURPLE and ROCKY ROAD.
Some Famous Virgo Goats are JACQUELINE BISHOP, INGRID BERGMAN and ELLIOT GOULD. (When he had hair).

SAGITTARIUS

Creative Imaginative Moody
Misunderstood Perseverance Reason

Have fun, follow your heart, you ARE doing the right thing. A little support just to let you know that you're not going off the deep end is sometimes all you need in order to keep your thoughts straight and start to wonder if you should have listened to parental guides around you and stayed in a much more secure field such as Vetrinarianism or Forestry. You don't need to be friends with everyone to feel successful, and the fact that you have realized that in the financial savings department you are just pathetic is really just one more step to understanding yourself. Throw out all your records that feature anyone named Dolly, Rex, Travis, Gene, Lawrence, or Malcolm. Live in the now. Flush after you pee, not during.

Your colors/flavors are GOLD, CREAM VANILLA and CAPPUCCINO COMMOTION.
Some Famous Sagittarius Cats are RANDY NEWMAN, WOODY ALLEN, ROD SERLING and DONNA SUMMER.

CAPRICORN

Mistrust Sentimentality Ambition
Wisdom Superiority Self-doubt

Remove all the poisons from your body; it's true you need a good cleansing; whether it's to the extent of The Betty Ford Clinic or just a quality, sudsy Body Shop Milkbath is up to you. Also, no one enjoys being around a control freak, tone things down a little, if you are right then they'll see it. Eventually, you are going to get caught at something you did very soon, I never want to be the bearer of bad news for anyone but perhaps it's time to stop stealing licorice from the convenience stores of Toronto and giving false names to the phone company. If there's ever a time to get your hand slammed down on you while your hand is still in the cookie jar; it's NOW.

Your colors/flavors are MAGENTA, NEON ANYTHING and DAIRY PRODUCTS.
Some Famous Capricorn Dragons are FAYE DUNAWAY, MARTIN LUTHER KING and JOAN OF ARC.

AQUARIUS

Originality Innovation Cruelty
Individuality Bravery Hotheadedness

As you are traditionalists and love art, you will own quality objects and take great care in protecting these items. You're strong minded and a loving bully. Why not try occasionally letting down your guard; people who like you will totally appreciate it and feel needed by you thus giving them a feeling of warmth and control, even though you know the real story. Stay off of carnival rides, pony rides and pretty much anyone who looks like they could ride you OR take you for a ride. Rides are no good. Use your skills in some other areas than you have been using them in; it'll be interesting once you tap into them.

Your Colors are of no use to you now and your flavors are numerous; Taste it all, babe.
Some Famous Aquarians Horses are WILLIAM BURROUGHS, JUDY BLUME, SMOKEY ROBINSON and MITZI THE MEXICAN SIDESHOW FREAKAZOLA.

PISCES

Smugness Rage Fearfulness
Indecision Laziness Clairvoyance

Someone whose ass that you've been kissing will soon be kissing yours. Things have a way of turning around don't they you crazy fishheads. You are extra sensitive and watery and usually have partners in crime weather you are playing the role of "better half" or "The good cop" or "Spokesman". Stick with your mistresses of love who have that calm and collected nature that you appreciate. Don't fly off the handle at your special friend before you've got the goods or know the whole story. Then give it to 'em!

Your Colors/Flavors are FIERY RED, BURGUNDY, BLAVKA and SPEARMINT.
Some Famous Pisces Humans are GLORIA VANDERBILT, ROBERT ALTMAN and SANTA CLAUS.
